TOURNAMENT RULES

USA Pickleball 2024 Official Rulebook and amendments, if any, will apply.

This event will be a Round-Robin format with skill level groupings. Partners and opponents change each game, and everyone plays each player in their division/group.

Games will be played to 11 points with a win by 1 point.

The teams will change ends of the court when either team reaches 6 points.

Players may, but are not required to, take a 2-minute warmup before beginning play for each match.

Disputes should be settled on the court, quickly and amiably, with the benefit of the doubt going to your opponent.

No scores will be recorded until a player from each team reaches the tournament desk to report the scores.

The tournament ball is the Franklin X-40 Outdoor pickleball, and the Franklin X-26 or Penn 26, as players agree, Indoor pickleball. If an agreement is not reached the Franklin X-26 will be the default.

Winners will be determined first, by the number of games won, then in ties, by the total points scored in all games. If a tie still results, then the determination will be made by head-to-head results.

Medals will be awarded for 1st, 2nd, and 3rd places in each division/group.
